

Merge Customers

For Phoenix Cart by frankl

Features:

- Useful if customer created two accounts by mistake
- Allows you to merge two customer accounts into one including orders, addresses, reviews etc.
- Select tables to be merged
- Select information from each customer to merge
- Transfers everything from secondary customer to primary customer based on customer data modules

Installation:

- **BACKUP YOUR DATABASE AND FILES**
- Copy all files in the catalog directory to your Phoenix Cart server, retaining folder structure
- Go to Admin -> Customers -> Merge Customers
- That's it! You can merge your customers
